

Origami Fun

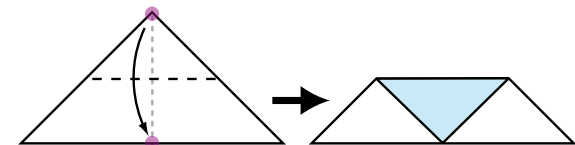

See if you can make a sail boat out of paper, by following the instructions!
Do you think it looks much like one of the boats from the story about The Storm?

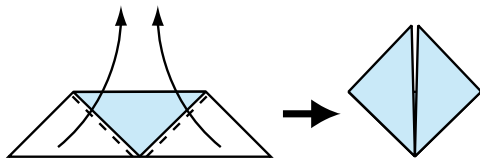

1. Start with a square piece of paper, white side up.
Fold the paper in half, then open.
Cut the paper in half along this crease.

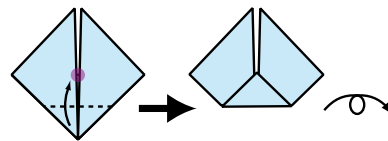

2. With one of the triangles, fold in half, and open.

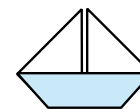

3. Fold the top corner downwards to meet the bottom edge of the triangle

4. Fold the two bottom corners upwards to meet together in the middle.

5. Fold the bottom corner up to the centre of the model
Then turn the model over.

Finished Sail boat.

Now you can make another one with the other triangle!
